.....**Snorkeling** the waters of St. John, Virgin Islands is without a doubt one of the most rewarding and fun things to do on St. John! The warm and usually tranquil water is inviting and makes it easy. You move effortlessly, unencumbered by gravity, and experience the wonderful and colorful world of the colorful tropical fish, coral reefs, sea grass beds and mangrove lagoons that surround St. John. There are so many different beaches, bays and coves to snorkel, you will be able to switch it up every day! Snorkeling is not the only water activity to enjoy. You can also try kayaking, paddle boarding, diving or windsurfing. If you are interested in renting, trying and learning different water activities you may do so at a number of places. Its an amazing way to wash off the clay after a morning at the studio!
